

Update on our Twin Parish in Chauffard, Haiti

The parish of the Church of the Immaculate Conception in the community of Chauffard now has a new medical clinic with a pharmacy. The old clinic building was falling apart and was damaged even further in the 2010 earthquake. Thanks to your generous donations the new structure is now complete.

Many homes of local families were damaged or destroyed in the October 2016 hurricane. We were successfully able to fund the construction of 10 safe, new homes for these families.

The students' school lunch program has been fully funded through the rest of the school year! These students were in need of our help after crops were washed away in Hurricane Matthew and many families did not have seeds to replant. The school lunch program provides the students' best and sometimes only meal of the day.

Our 2017 Medical Mission Team is now complete! They will be traveling to Chauffard to run a Medical clinic on November 8th and returning on November 14th. Thank you for your continued support and generosity!
